

# **School's Out Food's In**

## **How will we be serving?**

- We will be delivering bags of healthy breakfasts and lunches to families in Hays County.
- We will have the opportunity to build relationships with the families that we are serving by talking to them as we drop their food off.

## **How long will it take me to get there?**

- This will vary depending on where your families live. This organization is based out of Dripping Springs. Dripping Springs is about 15 minutes from Mt. Olive.

## **Can my whole family participate?**

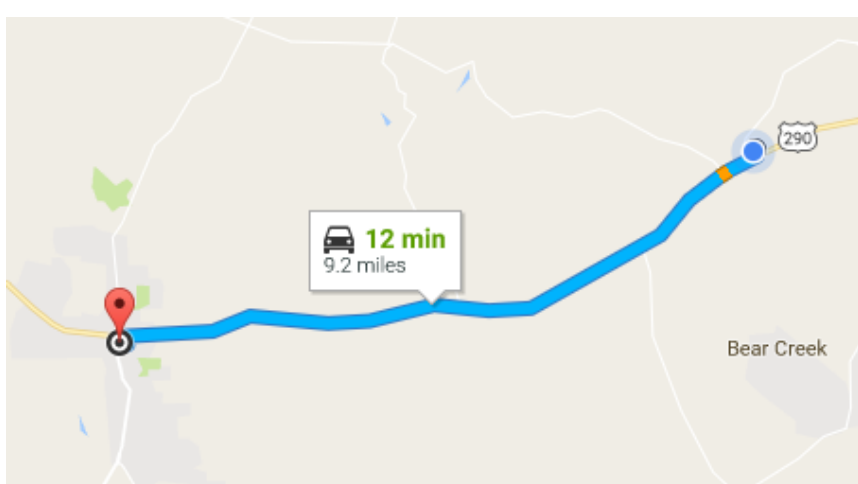

- Yes, this would be a great way for your entire family to serve together!

## **How often will we be serving?**

- We will be delivering bags of food every Sunday afternoon throughout the Summer.

## **Does it cost anything to serve here?**

- The only cost you will incur is the gas to drive the bags of food to the families.
